SHOREHAVEN HEALTH & REHABILITATION CENTER

Resident-Centered Household Living, Transforming 24-Hour Skilled Care

Shorehaven provides comprehensive and compassionate care 24 hours a day. People may enjoy private rooms in a beautiful homelike setting with personalized care built on Shorehaven's signature household model. That model has been proven to provide significant benefits to clients' health and wellbeing and thus improve quality of life.

Daily room rates:

Private - \$365 Shared bathroom - \$348

Intensive skilled care: \$10 a day extra

Examples of intensive skilled treatments are: tube feedings, nebulizer, extensive wound and dressing care, complex diabetic care, and venous lines. The daily rate does not include charges from physicians, pharmacy, therapy or specialized supplies and services.

Short-Term Rehabilitation Services

Medicare/Rehabilitation Unit provides short-term rehabilitation expertise, private rooms and spacious and separate rehabilitation households. The household concept represents an encouraging family-like atmosphere where residents can recover quickly and efficiently. We provide an array of amenities ranging from delicious dining to in-house entertainment. Guests enjoy social activities on campus, consistent staff, and best-practice therapies to foster complete and longterm recovery.

We take a team approach in helping individuals regain their strengths and abilities to make a safe return home possible. We work within the established insurance guidelines, and help the person receive the appropriate benefits. Other than clothing, no personal items are needed, as the client is a guest in our fully furnished rooms.
