

Memory Care

Residents' individualized interests and passions are crucial to the journey

Building on strengths, identifying interests in a resident-centered household setting. Set in an intimate, homelike environment, Shorehaven's Memory Care provides expert, personalized and secure dementia care 24 hours a day. Consisting of two households with 13 private rooms and half-baths in each, households are designed to provide comfort, security and social and cognitive stimulation. Nursing staff are on site 24/7, and all staff are trained through the trademarked Certified Dementia Practitioner, which includes extensive training in Alzheimer's and dementia. We offer activities and outings to challenge and stimulate the mind, body and spirit, including certified Music and Memories provider and Memories in the Making partner with the Alzheimer's Association. A full-time nurse is on site to guide staff in providing quality care and programming. We have excellent resident to staff ratios.

Price ranges starting at \$6,000 per month.

The households are pet friendly, have an aviary, walking paths, courtyards and access to beautiful Lac La Belle, boating, fishing and lakeside picnics. Families may gather around the fire pit on the rooftop terrace. A state of the art 5,000 square foot therapy center features the newest rehabilitation equipment. Physical, speech and occupational therapy is on site. A public Café LaBelle and lakeshore restaurant is available for use, with private dining areas for family groups.

Founded on a Christian mission, residents may participate in Chapel, Bible Study and Prayer Garden reflection. A wellness focus includes daily exercise, wellness clinics, walking club and outdoor strolls. Cognitive stimulation includes connecting with lifelong experiences, building on strengths, and use of the Alzheimer's Association's Memories in the Making Program.

Shorehaven's Memory Care program includes individual and group activities, creative pursuits, sensory activities, music and singing, and spiritual expression.

Shorehaven also offers:
