CITY OF OCONOMOWOC - For nearly 30 years, Dale Dahlke has served Shorehaven and its residents. Now, Dahlke will lead the assisted living community as its next chief executive officer.

Dahlke, an Ixonia resident, was most recently Shorehaven's chief operating officer. Before that, Dahlke worked in the food service industry, in agriculture and served as an educator and principal and is active in St. Matthew's Lutheran Church.

A news release announcing Dahlke's new appointment called him a "seasoned" leader of the organization who understands, respects and enhances its rich heritage of service to seniors.

Dahlke said he is proud to lead the organization in upholding its mission: "Reflecting Christ's love, we provide homes and resources for seniors."

Shorehaven, 1305 W. Wisconsin Ave., is home to 400 residents and employs almost 400 staff members. The campus includes skilled care, rehabilitation, memory care, assisted and independent living and services to help keep seniors independent and at home.
